From (Name) Dr.S.R.U.Savoor, M.A., D.Sc., I.E.S.,

Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

In G.O.No.1074 Edn., dated 17-7-1945, Government sanctioned the opening of a Higher Elementary Grade Training Section in the Government Training School for Masters Mangalore in June 1945 with annual admissions. In obedience to the above orders one section in the Junior class was opened in the school in 1945-46 and these pupils are now in the Senior class. In their Memo No.26892-C1/46 -2 dated 12-6-1946, Government have sanctioned the admission of a fresh batch of students in all the Training Schools opened in 1945-46. When the fresh batch of students are admitted there will be 4 sections in the 1st year training class and 3 in the second year Training class in the school. Accommodation provided in the school is adequate only for 4 sections. The 5th section was somehow continued for a number of years. The sixth section opened in June 1945 was accommodated with great difficulty in the drill hall of the school with some adjustments in other classes. Every section is now full and for the seventh section that is to be opened in June 1946 there will be absolutely no accommodation. The strength will then be nearly 280, which will render the institution very unwieldy and unmanageable. The playground available in the school compound is only

about ½ an acre and this space is utilised by the children of the Model school which is 118 strong. There is also no scope either for extending the playground or for securing necessary play space nearby. Providing hostel accommodation for 280 students is another problem. Already the hostel is overcrowded. Besides Mangalore is a costly place and the students coming from interior villages find it difficult to pull on in Mangalore with the small amount of stipend they get as persons who take up teaching profession are generally from among the poorer classes who cannot prosecute their studies further.

The Model School which serves as the only practising section for the training school cannot possibly afford sufficient teaching practice to such a large number of students. The institution is bound to suffer in efficiency unless it is kept within manageable limits.

In these circumstances I suggest that in the interest of efficiency only 4 sections may be maintained in the Government Higher Elementary Training School, Mangalore, and the rest transferred to Udipi. If this proposal is accepted the Government Higher Elementary Training School at Mangalore will have 4 sections (2 ~~xxxxxxx~~ seniors and 2 Juniors) and the school at Udipi will have 3 sections (Namely- (i) (ii) (iii) Two Juniors one Senior Section.

Udipi is a convenient centre for the three taluks of Coondapur, Udipi and Karkal and a training school at Udipi will attract a larger number of candidates for training who will be required for employment in the extension of compulsory elementary education in the District. In view of the urgency of the matter I ~~xx~~ am instructing the Divisional Inspector of Schools Coimbatore to transfer the 3 sections to Udipi in anticipation of Government's approval.
